APPROVAL CERTIFICATE		Certificate No.: 04/TR/800-2-REV 2
In accordance with the European standard EN ISO 2503:2009+Amd1:2015 "Gas welding equipment – Pressure regulators for gas cylinders used in welding, cutting and allied process up to 300 bar".		
Manufacturer	Name	YILDIZ GAZ ARMATÜRLERİ
	Address	Akçaburgaz Mah, 2 Cad 137. Sok. No.: 55 TR 34522 ESENYURT - ISTANBUL TÜRKİYE
Concerned Equipment: Pressure regulator for gas cylinders		
Type: Series 5200		
Model's reference: <ul style="list-style-type: none">- 5201 for oxygen with a maximum working pressure of 300 bar (Class 3)- 5201 for oxygen with a maximum working pressure of 230 bar (Class 3)- 5212 for acetylene (Class 2)- 5250 for CO₂/Ar with a max. inlet pressure of 230 bar and a gas flow rate of 16 l/min- 5250 for CO₂/Ar with a max. inlet pressure of 300 bar and a gas flow rate of 21 l/min		
		
<p>This certificate covers the homologation of the above-mentioned pressure regulators (see picture above). The classification, maximum inlet pressure, standard discharge and used gas are indicated above. The results of the homologation tests according to the above-mentioned standard are recorded in our report L.32.421, L.32.423, L.32.425, L.32.602 and L.32.622.</p>		
MARKING: The approved regulators will be marked in a permanent way with, at least, the following inscriptions of the paragraph §7 of the standard EN ISO 2503 as amended.		
<p>pThe manufacturer is authorized to affix marking according to the standard referenced above. Any modification to the type of above-mentioned regulator is subject to re-examination.</p> <p>Approval is valid until 05/08/2034 with condition that there is no change of the product design and applicable standard</p>		
Approval Date: 18/12/2024	Name: ir. B. NEVE	Position: General Manager
Notify Body:	APRAGAZ VZW / ASBL	Signature: 
Notify Body reference:	L7084-001 - 6972P004
